Topline questionnaire

Pew Research Center
Spring 2024 Global Attitudes Survey
September 23, 2024 Release

Methodological notes:

- Survey results are based on national samples. For further details on sample designs, refer to the Methodology section and our international survey methods database.

- Due to rounding, percentages may not total 100%. The topline "total" columns show 100%, because they are based on unrounded numbers.

- Prior to 2024, combined totals were based on rounded topline figures. Going forward, totals will be based on unrounded topline figures, so combined totals might be different than in previous years.

- Since 2007, Pew Research Center has used an automated process to generate toplines for its Global Attitudes surveys. As a result, numbers may differ slightly from those published prior to 2007.

- Trends for Brazil prior to 2010 are omitted due to differences in sample design or population coverage. Omitted trends often reflect less representative samples than more recent surveys in the same countries.

- Not all questions included in the Spring 2024 Global Attitudes Survey are presented in this topline. Omitted questions have either been previously released or will be released in future reports.
