<sup>1</sup> In the 1978 Chicago Council on Foreign Relations survey conducted by the Gallup Organization, results are based on respondents who said they had "heard or read about the situation in the Middle East", which represented 87% of the public. As a context note, in both the 1978 and 1982 CCFR/Gallup surveys, this question followed a broader question: "In the Middle East situation, are your sympathies more with Israel or more with the Arab nations?" and in 1982, a question regarding "U.S. military aid and arms sales to Israel".
