<sup>1</sup> Eligible voters are defined as U.S. citizens ages 18 and older. Eligible voters are not the same as registered voters. To cast a vote, in all states except North Dakota, an eligible voter must first register to vote.

<sup>2</sup> The terms "Hispanic" and "Latino" are used interchangeably. References to other races and ethnicities are to the non-Hispanic components of those populations.

<sup>3</sup> This statistical profile of eligible voters is based on the Census Bureau's 2010 [American Community Survey](#) (ACS). The ACS is the largest household survey in the United States, with a sample of about 3 million addresses. The data used for this statistical profile come from the 2010 ACS Integrated Public Use Microdata Series ([IPUMS](#)), representing a 1% sample of the U.S. population. Like any survey, estimates from the ACS are subject to sampling error and (potentially) measurement error. More information is available on [ACS sampling strategy](#) and [associated error](#).

<sup>4</sup> Rankings for "Percent of Hispanic population eligible to vote" are based on the District of Columbia and the 46 states whose Hispanic samples in the 2010 ACS are large enough to generate reliable estimates. All other rankings are based on the District of Columbia and the 50 states.

million.

- More than one-in-three (34%) Hispanics in Utah are eligible to vote, ranking Utah 35th nationwide in the share of the Hispanic population that is eligible to vote. By contrast, 70% of the state's white population is eligible to vote.

## Characteristics of Eligible Voters

- Age.** About four-in-ten Hispanic eligible voters in Utah (39%) are ages 18 to 29, greater than the share of all Latino eligible voters nationwide (33%) in that age range. By contrast, only 29% of all Utah eligible voters and 22% of all U.S. eligible voters are ages 18 to 29.
- Citizenship and Nativity.** Among Hispanic eligible voters in Utah, 24% are naturalized U.S. citizens, about the same as Hispanic eligible voters in the nation (25%). Only 4% of all eligible voters in Utah are naturalized citizens, as are 8% of all U.S. eligible voters.
- Hispanic Origin.** Like Hispanic eligible voters nationwide, a majority of Hispanic eligible voters in Utah are Mexican. About seven-in-ten (69%) Hispanic eligible voters in Utah are of Mexican origin, compared to 59% in the total U.S. Puerto Ricans compose 3% of the Hispanic eligible voter
